ANGEL COMPANIONS

May 2026

There is no better group of people to celebrate this season of renewal than you. The work you do every day, showing up with patience, compassion, and consistency, makes a real difference in the lives of the people you care for and the families who trust you. We are grateful for each one of you, and thank you for sharing your talents with us.

- Or go to our website, navigate to the Careers page, and click the button at the bottom of the page.

♥ Caregiver Spotlight:

✧ ✧ ✧ Leticia Gy.! ✧ ✧ ✧

Leticia joined Angel Companions in March, and she has already shown us exactly who she is.

During a visit with a family, Leticia was present when a passing occurred. In a moment that would be difficult for anyone, she responded with confidence, professionalism, and genuine compassion. The family felt supported because of her. That is not something you can train into a person. It is something Leticia simply brought with her.

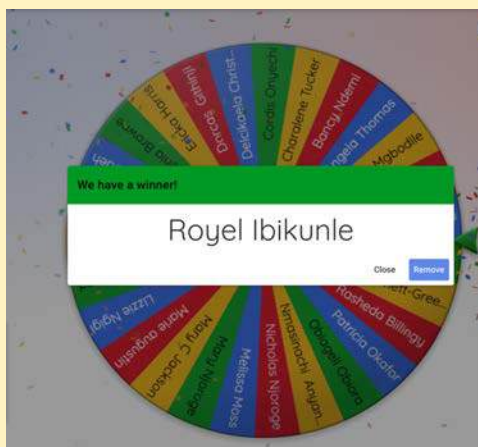

We are glad to have her on this team.

🔊 Caregiver Voices

Congrats to **Royel I.** for winning last month's raffle!

Last month we asked: What is the best lesson your mother ever taught you?

Thank you to everyone who shared. Here are a few responses that stayed with us.

Royel I., our April raffle winner, shared:

- *"She taught me to be respectful and be kind to others. Do to others what you want them to do to you."*

Bancy N. wrote:

- *"Do good when no one is looking, and give it your best without waiting to be thanked. The universe has a way of rewarding good deeds."*

Eugenia B. shared something her mother told her that has clearly stuck:

- *"Never look down on somebody because they have nothing today. The same people you pass on your way up are the same ones you will meet on your way back down."*

Irwin W.'s mother would remind him of this important lesson:

- *"I have nothing to prove to anyone else but myself. I am one of a kind."*

Reba B. shared:

- *"Everyone deserves to be treated with kindness and love. You have no idea what is going on in their life."*

Gloria D. put it simply:

- *"No matter what I do, I must always do my best. When I help others, I am helping myself."*

These lessons sound a lot like the work you do every day.

Thank you for sharing them with us.
